Minsk or remote

Open to offers: SharePoint / SPFx, Minsk or remote

Web parts and portals for SharePoint: SPFx, React, TypeScript, PnPjs, Fluent UI.

1. PROJECTS

Personal / learning projects. Code is private, available on request.

KHIO-01	**Executive Dashboard** SPFx 1.23 · React · Fluent UI v9 · PnPjs A manager's dashboard for SharePoint: overview, approvals, projects and documents in one web part. Approve / Reject with Undo, Green / Yellow / Red project status, reads and writes lists through PnPjs.
KHIO-02	**Desk Reservation** SPFx 1.23 · React · Fluent UI · REST Desk booking: filter by date and zone, "My reservations", cancelling a booking. Data lives in SharePoint lists, no separate backend. HLD, user guide and deployment guide written for it.
KHIO-03	**Halden Intranet** SPFx 1.23 · React · TypeScript · PnPjs An intranet portal on SharePoint Online: department sites, news, requests, booking, reports. One SPFx solution, versions 1.0 → 1.6.8. Ctrl+K search, dark theme, a PnP.PowerShell provisioning script, automated tests, QA audit before each release.
KHIO-04	**Teams Photo Bot** C# · ASP.NET Core · Bot Framework v4 · Graph A Teams bot: on the command "photo" it fetches the profile photo from Microsoft Graph and replies with an Adaptive Card. Access through an Entra ID app (Azure.Identity), no secrets in the repo.

2. SKILLS

POS.	ITEM	NOTE
1	**SPFx**	Web parts, Heft, .sppkg packages, SharePoint Online
2	**React · TypeScript**	UI with Fluent UI; React at a basic level, improving
3	**PnPjs · REST · Graph**	Lists, search, Microsoft Graph
4	**Power Platform**	Power Apps, Power Automate
5	**C# · .NET**	A Teams bot: ASP.NET Core, Bot Framework
6	**Git · Node.js**	GitHub, npm, ESLint, VS Code

3. EDUCATION

BSUIR, Faculty of Computer Design, "Electronic Systems and Technologies", 3rd year (engineering education, finishing). In 2026 I completed a SharePoint traineeship.
